#### Overview:

The Horizon Green Standard 5 Line Laser - BALG5 is a self-levelling, multi-line laser level which generates very bright, highly visible green lines. The BALG5 is classified as a Cross & Line level instrument that generates one horizontal & four vertical lines that create an overhead cross. A red downward pointing plumb dot can be used as a setting-out reference spot. This model is ideal for indoor use and can also be used outdoors with the included receiver.

**The BALG5 comes with a digital display and USB port for mobile-charging!**

#### Key Features:

- *Starting at: \$499*
- *Output Color:* Green
- *Expected Life:* 10000 hours
- *Projection Type:* 4 Vertical, 1 Horizontal, 1 red plumb dot - 4V1H1D
- *Key Feature:* Projects green self-levelling lines for high precision interior and outdoor applications.
- *Minimum achievable line thickness:* 0.25 mm at 30 cm
- *Package Includes:* Self-levelling laser with carrying case, magnetic ceiling target and receiver.

#### How It Works:

- The Multi-Line Horizon Series BALG5 is a multi-featured Cross Line Laser suitable for both Indoor & Outdoor use.
- Green light is three to five times more visible than red light, so this model is recommended for applications requiring **high visibility**.
- The BALG5 can be placed on any firm surface or mounted on our many laser accessories via its base 5/8" thread.
- The BALG5 has an accurate, pendulum system for quick self-levelling.
- When not in self-levelling range, the BALR5 indicates by flashing the laser beams On & Off. Once within self-levelling range, the unit stops flashing.
- The Laser has one horizontal & 4 vertical lines with one downward pointing red plumb dot, where the 4 vertical lines cross create an overhead cross.
- With a smooth horizontal rotating mechanism and fine adjustment knobs for convenience, the base enables you to set vertical line positions with ease.
- The Receiver is essential for outdoor use, but it can also be used indoors in bright conditions or where long range is required.
- The BALG5 operates with a rechargeable battery pack or 4 AA batteries, and is the only model that comes with a digital display and USB charging option.

#### Common Applications:

Carpentry, decking, electrical sockets, switches & lighting, suspended ceiling construction, flooring, foundations leveling, kitchen and bedroom fittings, machinery installation, painting & decorating, partitioning, shelving, shopfitting, stud walls, tiling, plumbing, and bi-fold doors installation.

## Specifications:

This spec sheet has been generated specifically for part number BALG5XXXX, per your request, and data for the entire series is also displayed for your reference. The specs which are specific to BALG5XXXX have been highlighted below in **red + bold**.

Number of Vertical Lines			<b>4</b>	4	1	4	4
Number of Horizontal Lines	1	1	<b>1</b>	4	1	1	4
Accuracy	+/- 1.0mm / 10M	+/- 1.0mm / 10M	<b>+/- 1.0mm / 5M</b>	+/- 1.0mm / 10M	+/- 1.0mm / 5M	+/- 1.0mm / 5M	+/- 1.0mm / 10M

**Power Supply Options:**

The Horizon series of self-levelling alignment lasers are battery-operated. The BALR2 requires two alkaline or Ni-MH AA batteries. The BALR5 requires four alkaline or Ni-MH AA batteries. The BALG5 includes a rechargeable 4000 mAh lithium-ion battery pack, which is recharged via an included microUSB cable and wall adaptor. The BALG5 can also run on four alkaline or Ni-MH AA batteries.

**Regulatory Classification:**

The model you have selected (BALG5XXXX) requires the following safety label(s):

**Accessories:**

The most popular accessories for model BALG5XXXX are shown below. For additional details regarding these or other accessories please see our website or contact us directly.
