

Lyra Green Laser Pointer

Series Specifications:

Nominal Wavelength	532 nm
Output Type	CW
Laser Source Type	DPSS

Overview:

The Lyra series green laser pointers are a perfect choice for business meetings, classroom presentations and safe home laser experimentation. Five to ten times more visible than common red laser pointers, the Lyra series are ideal for maximizing visibility, even on bright projection screens, while not compromising safety. Available in three carefully selected finishes to match any style. With the look of a high-end fountain pen and the function of a quality timepiece, the Lyra is great to own and even better to give as a gift!

All of Laserglow's green laser pointers are IR-filtered for safety and employ APC technology to maintain constant output power. APC (Automatic Power Control) is a system that uses an optical feedback loop to ensure stable laser output.

Key Features:

- **Starting at: \$49**
- **Output Power:** 1 mW - 5 mW (model dependent)
- **Wavelength:** 532 nm (green)
- **Key Feature:** High-Quality Build, All AR-coated optics, most models available in 3 finishes
- **Casing:** Solid Brass with pocket clip
- **Package Includes:** Portable laser, batteries, instructions/warranty.
- **Safety Info:** Complies with Class IIIa regulations, contains high-quality IR filter
- **Duty Cycle:** 90 sec. on/20 sec. off

Quality, safety, unique features, and range make Laserglow the leader in green pointers. [Learn more here.](#)

Specifications:

This spec sheet has been generated specifically for part number GLY-GLY, per your request, and data for the entire series is also displayed for your reference. The specs which are specific to GLY-GLY have been highlighted below in **red + bold**.

Laser Form Factor	GLY
Output Power (mW)	<1, >3, <5
FDA Safety Class	II, IIIa
Central Wavelength (nm)	531.65
Divergence (mrad, full angle)	<1.2
Beam Dimensions (mm, 1/e ²)	1.5
Transverse Mode	TEM00
Longitudinal Modes	Multiple
Operating Temperature Range (°C)	15 to 35
Storage Temperature Range (°C)	-10 to 50
Total Power Consumption (W)	2
Max. Power Input Duty Cycle	90 sec. on/20 sec. off
Cooling Method	Passive Air
Standard Warranty (months)	6
MTTF (operational hours)	5000
Weight of Product or Laser Head (kg)	0.04
Dimensions of Product or Laser Head (mm)	136 (l) x 13 (d)
Power Supply	2 x AAA Batteries

CW: All specifications are based on performance at full output power and after the specified warmup period. Output characteristics may change if the laser is run at a different power level.

Q-Switched: Specifications are based on the laser pulsing at the specified design frequency. Output characteristics may change if the laser is run at a different frequency.

Regulatory Classification:

The model you have selected (GLY-GLY) requires the following safety label(s):

Image not found or type unknown

Dimensional Drawing - Laser Form Factor: GLY:

Aperture

UNLESS OTHERWISE SPECIFIED:
 DIMENSIONS ARE IN MM(INCH)
 TOLERANCES: +/- 0.075 MM
