# Laserglow Product Datasheet

## Polaris Portable Blue Laser Module

## Laserglow Part Number: GPO200XXX

This model is listed as **inactive** in our product database. Stock may be limited, and availability is subject to change without notice.

### Series Specifications:

| | |
|---|---|
| Nominal Wavelength | 447 nm |
| Output Type | CW |
| Laser Source Type | Diode |

### Overview:

The Polaris is the world's most powerful visible-wavelength blue portable laser. Cutting-edge 447 nm laser diode technology brings power levels previously only possible using bench-top blue lasers at a fraction of the cost. Its ground breaking 447 nm wavelength is not only captivating but can also produce fluorescence effects in some materials. Diode technology means energy efficiency, allowing this laser to operate three times as long as DPSS blue portable lasers. Available in power levels from >100 mW to >1 W sustained output with a 100% duty cycle. >500 mW and higher models include free laser safety goggles.

**Key Features:**

- *Starting at:* **$389**
- *Output Power:* Varies with model
- *Expected Life:* 5000 hours
- *Wavelength:* 447 nm (deep blue)
- *Key Feature:* Highest-output visible-light laser available!
- *Package Includes:* Portable laser, aluminum framed carrying case, instructions/warranty
- *Class IV lasers also include:* Free laser safety goggles.
- *Casing:* Hard anodized machined aluminum
- *Safety Info:*Class IIIb/IV
- *Duty Cycle:* 100%

U.S. Orders: This laser cannot be shipped to the United States. If you live in the USA please consider the standard Hydra laser which has simple push-button operation and is Class IIIa compliant. If you require high power, then please consider the 447 nm laboratory laser which provides similar output but is not portable. Click here for more information.

Canadian Orders: This laser can be shipped within Canada to Canadian companies who provide the following documentation:

- A valid LSO Certificate with a certified Laser Safety Officer on the premises

- A company purchase order
- A signed Declaration of Use. Please contact our sales department for this form

## Specifications:

This spec sheet has been generated specifically for part number GPO200XXX, per your request, and data for the entire series is also displayed for your reference. The specs which are specific to GPO200XXX have been highlighted below in **red + bold**.

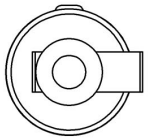
| | |
|---|---|
| Output Power (mW) | **>200** |
| Central Wavelength (nm) | **447** |
| Divergence (mrad, full angle) | **<1.5** |
| Beam Dimensions (mm, $1/e^2$) | **5** |
| Approximate Peak Power (W) | **300** |
| Operating Temperature Range (°C) | **-5 to 35** |
| Total Power Consumption (W) | **5** |
| Max. Power Input Duty Cycle | **100%** |
| Standard Warranty (months) | **6** |
| MTTF (operational hours) | **5000** |
| Weight of Product or Laser Head (kg) | **0.28** |
| Dimensions of Product or Laser Head (mm) | **190 (l) x 38 (d)** |
| Power Supply | **2 x CR123A Batteries** |

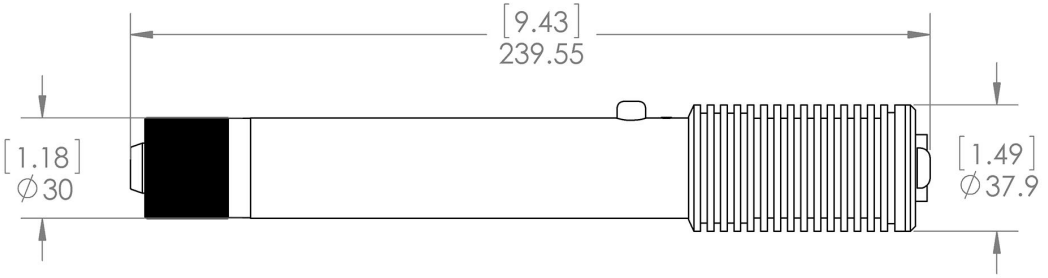
CW: All specifications are based on performance at full output power and after the specified warmup period. Output characteristics may change if the laser is run at a different power level.
Q-Switched: Specifications are based on the laser pulsing at the specified design frequency. Output characteristics may change if the laser is run at a different frequency.

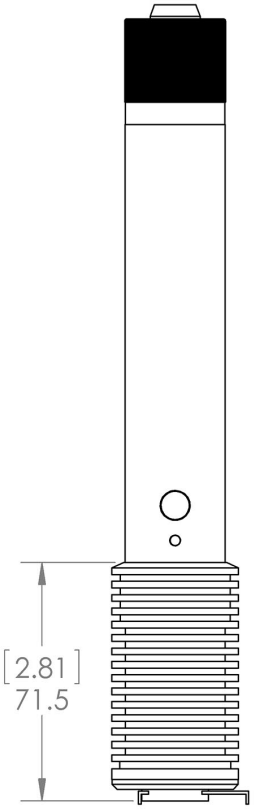
## Regulatory Classification:

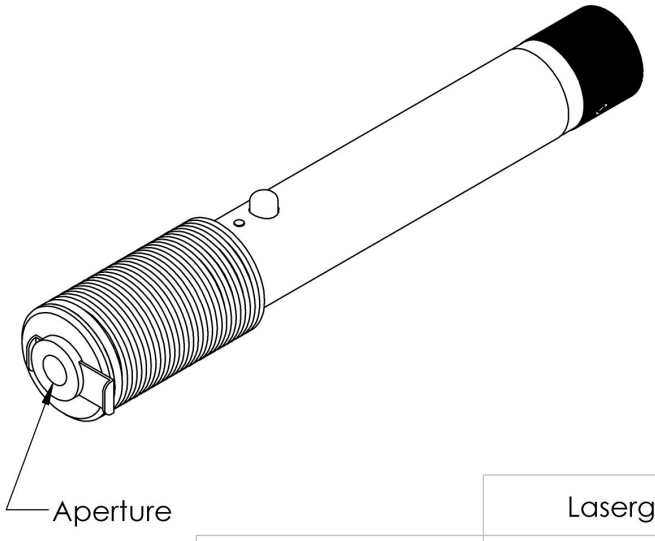
The model you have selected (GPO200XXX) requires the following safety label(s):

**Dimensional Drawing - Laser Form Factor: GOR:**









Laserglow Technologies

UNLESS OTHERWISE SPECIFIED:

DIMENSIONS ARE IN MM[INCH]
TOLERANCES: +/- 0.75 MM
